

You are invited

Preliminary architectural drawings have been made for us to come together as one family for a new Mt. Tabor Community Center. Your input is necessary as we embark on the next phase of our expansion. To ensure that everyone has a chance to voice their opinion, we will host a few small town hall meetings in various homes around the city. Your participation is vital for beginning and continuing a dialogue that will ensure this project answers the needs of all of us as one community. Please indicate which of the events you would like to attend by sending Yanna Petty an email at office@transfiguration.org at least 5 days before the event.

THANK YOU to the families who are opening up their homes.

“After a 17 hour road trip skipping the town hall meeting was something I debated. I am glad that I decided to attend and hear the important plans for our expansion. I think it is worth anyone and everyone's time to attend. We had a great discussion, questions were answered and feedback was noted. There was no agenda being pushed on us, it truly was a meaningful conversation. I felt that everyone was able to be open and honest with any questions or concerns. It also gave me a better understanding on where my future financial contributions would be going. I appreciate the opportunity to be part of such an important topic. In a large parish it can feel that your voice can be lost or not heard. I felt heard and felt that my voice mattered. We need everyone involved in this exciting project! Again, I appreciate the work done preparing the meeting and for conveying the information clearly and openly addressing concerns and questions. I got a very good idea about the project and was impressed at how much thought has been put into it.” (First Town Hall Meeting attendee's quote)
